## Creating **ROSE HILL** ENGINEERING Washroom Partition with Elegance

### Dependable Application

**ROSE HILL** ENGINEERING Washroom partitions are ideally suited for public area heavy duty applications, such as shopping centres, office buildings, factories, hotels, restaurants, etc.

### Decorative Finishes

The popular, attractive and graffiti resistance  **ROSE HILL** ENGINEERING paint system is most suited for high usage commercial and institutional washrooms,

while the optional smooth  **ROSE HILL** ENGINEERING Solid Panel provides a high class yet tough finish to the executive suite.

### Vandal Resistance

**ROSE HILL** ENGINEERING Partitions are able to cope with defacement and rough treatment common in public washrooms. The tough Solid Panel with its hard wearing is not easily damaged. However, if the need arises for re-touching of the colour coating, this can easily be done.

### Flexibility

**ROSE HILL** ENGINEERING Partitions system can be adapted to almost any washroom layout. Purpose made partition components are available ex works if required.
